EDUCATION

2008 – present: Rotterdam university of applied sciences

Communication and Multimedia design

Fourth year – First year diploma (propedeuse) received

Communication and Multimedia Design focuses on the latest developments in digital media. The course teaches students to be a digital media professional. During the course all steps from idea to product are discussed and taught. This means a Communication and Multimedia Student knows everything about creative marketing, visual and experience design and front-end scripting.

Additional activities

Class-representative in second year

2003 – 2008: CSG Calvijn Barendrecht

Higher general secondary education

Profile: Economics and society with additional management and German language.

Graduated with honors

EXPERIENCE

Freelance designer

2006 – present

Starting in 2006 by making small pictures for my friends I mastered photoshop. After a few years one friend told me to try out designing websites. I started doing this and joined the course Communication and Multimedia Design developing my skills. My work is available in my portfolio.

Intern

2010 - 2011: *Zwift International, Melbourne*

For my course Communication and Multimedia Design I had to do an internship at a multimedia company. I decided to do this internship at Zwift International, Zwift invented a online ordering solution for restaurants. Basicly, they made websites for restaurants. From these websites customers (of the restaurant) can order their food. I learned a lot about designing and about working in a multimedia company during this internship.

Teammanager

2007 - present: *Golff supermarket / Spar supermarket, Heerjansdam*

Golff supermarkten is a small company with only local supermarkets. You can find their stores in small villages. After working there for 1 year the owner left and Golff became a Spar supermarket. Spar is a leading company in the supermarket branch, you can find them across Europe. They focus on small local supermarkets, Spar Heerjansdam is a perfect example of such a small local supermarket. Being a teammanager means you must be able to communicate at a high level.

Waiter

2008 - 2008: *Pancake restaurant "de Oude Maas", Barendrecht*

Pancake restaurant "De Oude Maas" is a big restaurant which is specialized in serving pancakes, this restaurant is located near the river the Maas in Barendrecht. Working in a pancake restaurant means you must be able to deal with children and have to be hospitable.
